

K-LOVE, at 100.5fm serves me in Tucson via a translator. I listen to this station daily, & support it financially (and have since it came to Tucson a few years ago). K-LOVE is a fantastic station which has no profanity or yucky things on it. I work at a High School & many of the students I know listen to it. To have this station displaced by a LPFM station would be tragic. I believe K-LOVE to be an encouragement to any who listen. With so much garbage on the airwaves, K-LOVE is a blessing to all.
